Language Arts
8:30–9:50

1st & 2nd grade

- Monday, May 23rd
- Tuesday, May 24th

3rd –6th grade

- Wednesday, June 1st

LOGRAMOS is a standardized, norm-referenced assessment of achievement in Spanish that measures the academic progress of our students.

As a dual language school that follows the 90/10 model, we use LOGRAMOS to measure the progress that our students are making in the areas of Spanish Language Arts (1st–6th grade) and Mathematics (1st and 2nd). The results from this test inform you, the staff, the school district and the community about our academic progress.

As a charter school, Adelante is judged on how well our students meet achievement goals, and so you can see the results are important to the success of our school!

Please help your child do his/her best by doing the following:

- 🐾 Be sure your child arrives to school on time 
- 🐾 Spend a relaxing evening at home the evening prior to the test
- 🐾 Make sure your child gets a good night's sleep 
- 🐾 Schedule doctors appointments before or after the testing dates
- 🐾 Help your child understand that the tests shows us all they have learned and remind them that passing to the next grade is not dependent on test results

We know that you will encourage your student(s) and make sure they arrive to school on time and are ready to test!
